### TRIUMPHANT RETURN

Gen. Charles de Gaulle, having passed under the Arc de Triomphe, marches along the Champs Elysee in a triumphant return to Paris in August of 1944. President de Gaulle swept out of Paris for his country retreat this week amid rumors in the French capital that he would resign from his office as a solution to France's current crisis.

Contrary to the rumor, de Gaulle decided to stay in office, formed a new government and quietly strengthened military and gendarmerie units.

## Divers Inspect Sunken Hulk; It Is Not Missing Scorpion

NORFOLK, Va. (AP) — Navy divers inspected a sunken hulk off Cape Henry Friday and reported it is not the missing USS Scorpion.

Eighteen divers were sent to check out the object detected in 180 feet of water 70 miles out and somewhat off the Atlantic coast. The missing submarine and its crew of 99 should have been on.

Even before they reported back, Vice Adm. Arnold F. Schade told newsmen the chances of it being the Scorpion were "almost nil."

Schade said the submarine Pargo detected the sunken metallic object Thursday but there

was "no sound, no noise, no sign of life."

When divers from the submarine rescue ship Sunbird reached the hulk, they found it probably was a World War II submarine, possibly German.

For one thing they said it had a gun mount located forward of the conning tower. The Scorpion's hull was barren of any such device.

Schade said nothing definite has turned up in the five-day-old search for the missing atomic submarine.

The commander of the overall search said the number of U.S. ships scouring the Atlantic has been cut, from more than 55 to 22, plus a French submarine.

Schade termed this a "realistic reorientation" and indicated it nothing promising turns up in ten days the size of the search fleet will be further reduced.

The major focus of the search is shifting far out toward the Azores in an area of shallow "sea mounds" where the Scorpion might have been grounded. This is in the same locale from where it sent a final routine message May 21.

A new search is centered around the Cruiser Banks—as shallow as 100 feet—and the Irving Banks 360 miles south of the Azores. The underwater ridges are within 30 miles of the Scorpion's projected course toward Norfolk.

## Chamber Ups Members' Dues; Plans Remodeling Program

Members of the Warren County Chamber of Commerce approved a proposal to improve the appearance of the chamber's office in the Pennsylvania Bank and Trust building at a meeting of the chamber board of directors this week.

The board also voted an increase in membership dues, the first in 12 years. The group adopted a new minimum investment schedule in \$60 multiples to be effective January 1 of next year for existing members and July 1, 1968, for new members.

The increase was due to expanded activities by the chamber and the increase in services being made to the community by the chamber's new program of action, the board said.

Reported at the meeting was the authorization by the county school board to apply with the Department of Public Instruction for approval to build a vocational-technical school. The chamber was in favor of the move and President Jack Lutz sent letters to all the members of the school board urging the action.

There were fifteen operating committees in all reporting at the meeting.

William Dyke, chairman of the local county affairs committee,

reported members of his committee will be attending meetings of the borough council and the county commissioners on a regular basis.

William Clinger Jr., reported the state affairs committee is attempting to establish liaison with state officials. Assemblyman William Allen and State Senator Richard Frame have been invited to the next meeting of the committee and committee members will be receiving the State Chamber Legislative Bulletin.

The beautification and redevelopment committee reported a county clean up week is being promoted for the week of June 2-8 and that county township supervisors have been asked for their cooperation. Ralph Grinn, chairman, said residents may place unwanted items excluding garbage at the curb for township trucks to pick up during the week.

Charles Williams, president of the Warren County Development Association, said industrialists in the county are being invited to participate in the shaping of the association's program.

Carl Schaeffer Jr. will give the invocation and benediction and the Rev. Alan F. Hearl will offer the prayer. Music will be provided by the high school orchestra.

The service has been arranged under the auspices of the Warren County Ministerial Association.

### Outdoor Club Invites Public to Walk

Interested persons will meet at the courthouse parking lot at 1:30 p.m. from where a motorcade will move to the hiking area.

Jim Baughman will lead the hikers to the interesting rock formation.

## DeGaulle Forms New Government; Keeps Pompidou

PARIS (AP) — President Charles de Gaulle, battling to restore strike-crippled France to economic health, formed a new government Friday to prepare for a national election that could decide whether he will finish out a term running to 1972. He kept Georges Pompidou in the premiership.

The chief of state quietly strengthened military and gendarmerie—national police—units in and near Paris against the possibility of big trouble from critics who had been fomenting violence in the streets.

Several regiments were close at hand. Paratroops flew in from the provinces. Some tanks were called back from customary spring maneuvers and mobile gendarmerie took armored cars from World War II days out of storage.

The first round of voting for a new National Assembly to replace the one De Gaulle dissolved Thursday was set for June 23; the second round June 30.

France appeared to be awakening slowly, painfully from a 15-day nightmare. Back-to-work movements, though still only a trickle, were recorded throughout the country.

The government seemed to be concentrating on getting communications systems operating as soon as possible. Police ousted striking occupiers from tele-

phone centers in a host of cities without incident, but used tear gas in the face of resistance in Rennes, capital of Brittany.

De Gaulle had announced Thursday he would keep Pompidou at the head of the new Cabinet. But there were important changes elsewhere.

Maurice Couve de Murville,

foreign minister throughout the 10 years of De Gaulle's Fifth Republic, switched jobs with Finance Minister Michel Debre for the crucial work of repairing the damages of the 15-day-old strike wave, which economists estimated has so far cost the nation \$2.4 billion in lost production alone.

## LBJ Raises Interest Rate On Bonds, Freedom Shares

AUSTIN, Tex. (AP) — President Johnson raised interest rates on U.S. Savings Bonds and Freedom Shares Friday in a move to spur sales.

People cashed in \$500 million more bonds than they bought last year, and the administration wants to make them more attractive to investors.

Effective Saturday, the rate on E and H bonds will go up from 4.15 to 4.25 per cent and that on Freedom Shares from 4.74 to 5 per cent when they are held until maturity. The new rate on the bonds is the maximum allowable under the law.

Because of higher interest rates paid by other investments generally, the Texas White House said, sales of U.S. bonds have not been as high as the administration would like.

The rate boost was the major item of business cleared from the President's desk Friday.

Aside from this, Johnson signed a few minor bills, announced several military assignments and promotions, and appointed an advisory committee for the Teacher Corps—a national program to line up the best possible teachers for poor children in city and rural slums.

The President is expected to get up early Saturday, drive 15 miles from his ranch to Johnson City and vote in the Democratic primary runoff for governor.

The opponents are Lt. Gov. Preston Smith, who has something of the same conservative stamp as retiring Gov. John Connally, and Houston lawyer Don Yarborough, who never has held public office and is a man of a more liberal school.

Neither the President nor his friend and political ally, Connally, endorsed any candidate for governor.

## Friday's Peace Sessions Produce No Signs of Progress

PARIS (AP) — The United States and North Vietnam threw challenges at each other Friday in a session that produced some pointed exchanges but no sign of progress for the stalled preliminary Vietnam peace talks.

The sixth meeting of U.S. Ambassador W. Averell Harriman, the chief U.S. negotiator, and Xuan Thuy, representative of North Vietnam, was marked by mutual scolding with something like a hint of rising frustration on both sides.

The North Vietnamese rebutted all U.S. proposals for joint action that might scale down the war in Vietnam.

The United States dubbed "fantastic" a suggestion by the North Vietnamese that the two issue a joint communique saying the United States would end bombing and acts of war against North Vietnam and Hanoi would abstain from bombing and acts of war against the United States.

Hanoi has been saying all along that the North Vietnamese are not bombing the United States and that thus it owes nothing in return for a halt to the American bombardment.

"You have made a fantastic suggestion," a U.S. spokesman quoted Harriman as retorting, "I ask you if you are prepared

to rephrase your proposal and deal with real issues."

Harriman challenged Thuy to revise the suggested communique to read that the United States would end its bombing and acts of war if, "for its part the Democratic Republic of Vietnam will henceforth refrain from bombing, acts of war and

subversion against the Republic of Vietnam."

William J. Jordan, the U.S. spokesman, said Thuy rejected this. He also rejected U.S. efforts to get an agreement on establishing the demilitarized status of the buffer zone between North and South Vietnam.

## Viet Cong Infiltrators Bore In Towards Saigon

SAIGON (AP) — Viet Cong infiltrators bore in toward the center of Saigon Saturday and gunfights broke out at intersections. Military reports said guerrillas were spotted within a mile of the Presidential Palace and six blocks from National Police headquarters.

After a flare-lit night of fighting on two sides of the capital, one unconfirmed report said the enemy were trying to reach An Quang pagoda, headquarters of a militant Buddhist faction, which was used as a Viet Cong headquarters during the enemy's lunar new year offensive four months ago.

The pagoda is in the central part of Saigon.

With the latest enemy drive against the capital entering a

second week, military spokesmen said guerrillas were seen at daybreak in at least eight streets of Cholon, Saigon's Chinese sector. The Viet Cong appeared to be moving in from the 6th Precinct on the southwestern side of the city and through the 5th Precinct. Earlier reports said sniper squads were positioned in tall buildings 1½ miles from the city's center.

The new threat to the downtown area came a few hours after enemy gunners outside the city fired rockets into several sections of the capital. One landed, but did not explode, near a police station in Gia Dinh, on the northwest outskirts where South Vietnamese forces were heavily engaged all day Friday.

### DON'T LET IT HAPPEN TO YOU

The "Biggest Little Town on the Map" has participated in a joint venture to cut down on holiday fatalities by pointing out the grief that can come from a moment's bad judgment not only to those involved in the accident but to their families. The display, located on Route 6 at the east borough line, which shows the results of a two-car collision in which one driver had been drinking, was sanctioned by the Youngsville borough council and sponsored by the Youngsville Business

Peoples Association under the direction of the borough police department and the state bureau of traffic safety. Participating in the project were Youngsville High School students and teachers, West End Auto Body, Paul Williams Garage, and the Sea Scouts. Youngsville thanks the county commissioners for the use of the land; the display will remain set up through the Memorial Day weekend. (Photo by Mahan.)

## Democratic Candidate Coming to Jamestown

JAMESTOWN, N.Y. — One of the three Democratic candidates for U.S. Senator in the June 18 primary will be in Jamestown next Tuesday. Congressman Joseph Resnick will arrive here late Tuesday afternoon to open a headquarters at 5 S. Main st. in Brooklyn Square. Local supporters of the senatorial aspirant say Resnick is expected to arrive at Jamestown Municipal Airport at 5:30 p.m. and will go directly to the Brooklyn Square headquarters for a coffee hour to which the public is invited. Resnick thus becomes the second Democratic candidate for the U.S. Senate to visit Chautauque County this week. Nassau County executive Eugene H. Nickerson spoke at a breakfast meeting in Fredonia last Monday. Nickerson appeared in Jamestown two years ago when he was a candidate for the Democratic nomination for governor. The third Democratic candidate for the U.S. Senate is Paul M. O'Dwyer of New York City, a supporter of Eugene H. McCarthy. Nickerson is a backer of Sen. Robert F. Kennedy while congressman Resnick is supporting Vice President Hubert H. Humphrey. In addition to selecting which of the three will be their candidate to oppose Sen. Jacob K. Javits county Democrats must also choose from three states of delegates to the Democratic National Convention. The only other primary contest is for congressman and that race features John A. Pallio of Brockton and David N. Walsh of Montour Falls. The only Republican contest in the county features a race for family court judge between incumbent John A. Hallenback and August R. Jankowski both from Dunkirk.

## Former Warrenite Heads Bank

"Uptown Houston, this is where the action is," said Charles B. Cooney, newly elected president of the Fannin Bank. Cooney is the son of Mr. and Mrs. William Cooney, former residents of Warren.

Cooney, 44, formerly president of First National Bank of San Antonio, assumed his new duties as Fannin Bank president and director on May 15. A graduate of Ohio State University and the School of Banking at Rutgers University, he came to Houston in 1949 and joined the advertising department of Foley's after serving three years in the South Pacific during World War II as a captain in the field artillery.

After recall to active duty during the Korean war, he returned to Houston and began his banking career with the Texas National Bank of Commerce as a loan officer.

Cooney went to San Antonio in 1955 and organized the Main Bank & Trust, serving as president of the bank until 1960 when he joined First National Bank of Antonio as president. It is the former Warrenites theory that customers should be treated as friends and individuals instead of computer numbers. He also believes bankers should try to provide as much leadership as possible in solving community problems.

Cooney and his wife, Kathryn, have a 14-year-old son.

## Hunkin-Conkey Wins \$4.7 Million Road Contract

A \$4,700,000 contract for the construction of the westbound lane of a 10-mile section of the Southern Tier Expressway between Steamburg and Salamanca in Cattaraugus County, New York, has been awarded to The Hunkin-Conkey Construction Co. of Cleveland, Ohio, by the state's department of transportation.

The expressway section, state route 17, runs through the Allegany Indian Reservation at the northern edge of Allegany State Park in western New York. The contract includes the construction of 10 miles of 24-foot-wide reinforced concrete pavement with asphaltic concrete shoulders and 1.4 miles of access road. Two 114-foot-long composite plate girder bridges will be built to carry the expressway lanes over Red House Road. Upon completion of the project, scheduled for July 29, 1970, two-way traffic on the existing eastbound lane will be divided between the two lanes.

Hunkin-Conkey, one of the nation's oldest and largest general contractors, is currently constructing an \$11,000,000 section of the Southern Tier Expressway between Waverly and Lowman in Chemung County, New York. The firm specializes in building, industrial, and heavy construction.

## Mystery Skull Is Discovered In Youngsville

Work on the Youngsville Route 6 by-pass Friday turned up what may become an unsolved mystery in Warren County.

Bulldozing operations on Rouse property at the top of a hill where gravel is being removed turned up a skull and femur bone.

Sheriff D. E. Allen Jr. said an attempt would be made to locate other bones and send the objects to the FBI. There were a few small patches of hair left on the skull with some teeth intact.

The size of the femur bone, Allen said, would indicate the person was a woman, young person or small man.

The investigation is being continued. The skull and bone were discovered by Daniel Donkle, RD 1, Knox, an employee of S. J. Grove Co., contractors for the by-pass.

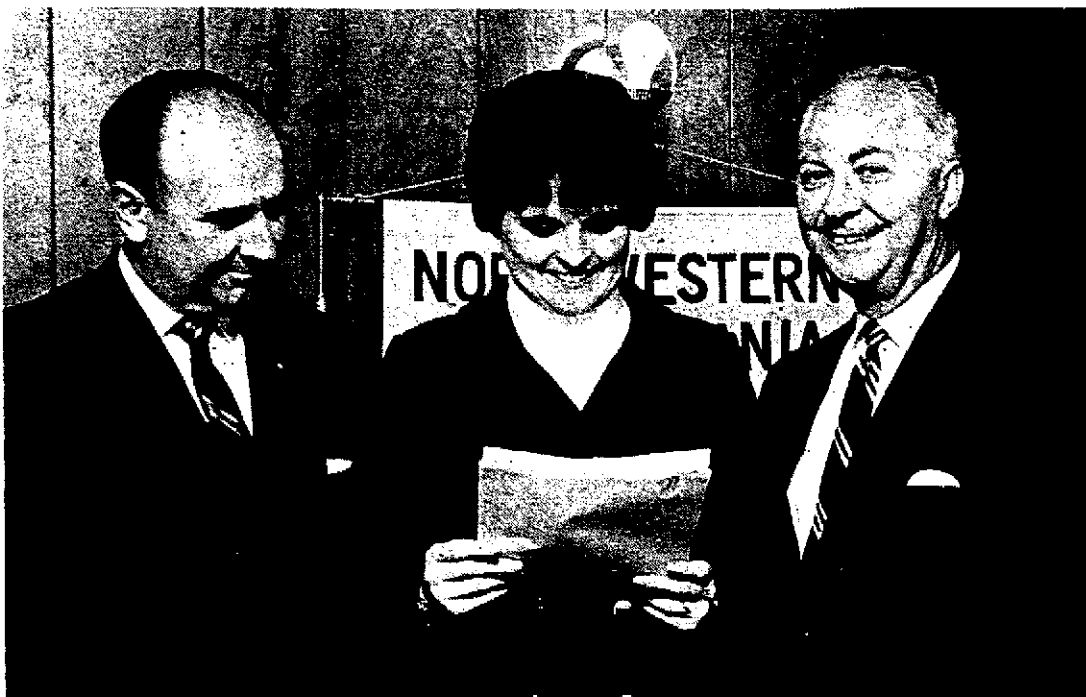

### Forgery Charge

A 26-year-old Warren man has been charged with forgery by Chief Deputy Sheriff Richard E. Hegerty.

In Warren County jail in lieu of \$250 cash or \$500 property bond, having waived preliminary hearing, is Donald Joseph Zakrzewski of 6 Elm st.

Hegerty stated the check for \$30 was cashed in Warren and drawn on a Youngsville bank. It was signed Paul Wilcox, RD 1, Youngsville and dated April 26. According to the deputy, Wilcox discovered the discrepancy.

## DeGaulle Shuffles Cabinet To Strengthen Government

PARIS (AP) — President Charles de Gaulle signaled a basic shift in emphasis for his regime's policies Friday by moving his most trusted minister, Maurice Couve de Murville, from foreign affairs to finance.

The transfer, part of a deep-reaching Cabinet shuffle, was taken as hard evidence that De Gaulle had rearranged his priorities in the face of the most serious challenge his 10-year-old regime has confronted. He kept Georges Pompidou as premier.

Authoritative sources said Couve de Murville's appointment to the Finance Ministry meant that De Gaulle was downgrading his pursuit of international prestige to deal with the crushing social and economic problems that have brought the country to the brink of civil conflict.

Couve de Murville, trained in economics before he took over the Foreign Ministry a decade ago, was described by government sources as the ideal man to deal toughly and realistically with these problems.

Moreover, one source said, "De Gaulle trusts Couve fully." "Couve can say no, but he also knows how to compromise," the source said. Of Michel Debre, who was shifted from finance to foreign affairs, he said, "Debre is not good at compromise."

Compromise is an attribute the government will need to satisfy the demands of an estimated 10 million strikers and get them back to work.

Debre was said to be partly responsible for the underlying causes of the social upheaval but, because of his long association with De Gaulle and his unflinching loyalty to his leader, he

## New Home Economist Arrives in Warren

Ruth Ann Wilson has been appointed Warren County assistant home economist with the Cooperative Extension Service of Pennsylvania State University. Thomas H. Patton, Extension director, says she will assume her duties June 1 and will be in charge of the adult and 4-H homemaking programs.

Miss Wilson received a bachelor of science degree from Indiana University of Pennsylvania the end of May. While on the campus, she was a member of the Home Economics Club and the Campus 4-H Club, and was on the committee for High School Home Economics Day. She was employed part time at the University.

The daughter of Mr. and Mrs. Arthur Wilson, RD 3, Volant, Lawrence County, she was graduated from the Wilmington Area High School. She was a 4-H member ten years.

In Warren County, Miss Wilson will be associated with Bernard Wingert and Norman Perschke, county agents. Their offices are in the Courthouse in Warren.

## Farmer's Almanac Was Right

The Old Farmer's Almanac for 1968, published by Robert B. Thomas with its homely weather forecasts for all of U.S.A., in its 176th anniversary edition, unerringly predicted what Warren County has suffered during the month of May.

And here's what it had to say — "May showers bring June flowers. What say, Mabel, shall we air out the stable? Lightning bolts frighten young colts. Spring fever's the complaint; days should be good but ain't. Glory and bees, blossoms on trees. What's more forlorn than the Memorial Day storm?"

Turning the page, the outlook

for June is described — "This drizzle feeds, the tiny seeds. Behold, Richard Stover, violets and clover. Just when its nice along comes a gusty surprise. Mini-skirts or not, these days are hot. Midwest unrest, Zeke's done mowing; trees have stopped growing."

The Almanac in more simple terms states average temperature will be 73 degrees (normal 70.8). Rain 4.41 inches (normal 3.73). Nothing much to worry about except between the 11th and 13th and the 23rd to 27th when it will rain cats and dogs.

Goodbye May!

## Malaysian Student Will Spend Year With Youngsville Family

Miss Zauyah Binti Ahmad of Malaysia will be the guest of Mr. and Mrs. Raymond Walter of Youngsville when she comes to this country as an American Field Service student at Youngsville high school. The Walters have three daughters, Patti, Cindy and Debbie, who are anxiously awaiting the arrival of their new "sister" late this summer.

Miss Zauyah is of the Moslem religion. Like most people of

Malaysia and the surrounding oriental countries, she is very tiny. Zauyah is 5 feet 3 inches high, weighs 94 lbs. and has dark hair and eyes. She is the fourth child in a family of six (3 boys and 3 girls) ranging in age from three years to twenty-three years. Her father is employed by the government as a clerk and her mother is a housewife.

Zauyah has studied English for 11 years. Her application was written well in English. She has studied biology, chemistry, and history in public school. Miss Ahmad is interested in such sports as volleyball, badminton, hockey, and football. Two of the Ahmad boys play football and the entire family is their cheering section. Zauyah also enjoys listening to records, going cycling, dancing, singing, playing the piano, eating, and meeting people. The entire family takes part in friendly discussions or "arguments" from time to time on just about any subject. Zauyah approaches these discussions very intelligently. She mentioned in her application the fun they have "learning patience and understanding of others concepts, increasing in reasoning power and learning to be a better listener."

The Ahmad family do many things familiar to American families. They often go out to dinner and then to a movie. Zauyah and her brothers and sisters love to attend parties and dances. There are no clubs for teenagers in this area, but the schools do have societies such as the Dramatic Society, the Science Society, the Geographical Society, etc. Zauyah is a member of every society and a class representative to many of them. She is a Patrol Leader and Secretary for the girl guides which is an organization similar to our girl scouts. Much experience in

the commonwealth's oldest cave, discovered in 1871, is Crystal Cave in Eastern Pennsylvania, halfway between Allentown and Reading.

Then there's Indian Caverns, the largest in the state, located near Spruce Creek in Huntingdon County; Wonderland Caverns at Manns Chice, Bedford County, two miles from Shawnee State Park, which claims to have the only known coral reef caverns in existence; Laurel Caverns, eight miles east of Uniontown, which boasts a fabulous rainbow pillar of rock.

America's only all-water cave attracting sightseers since 1885, is at Centre Hall, near State College. Called Penn's Cave it features a mile trip by boat that glides finally into the sunlight through a passageway into Lake Nittane.

Other big tourist attractions are Indian Echo Caverns, just south of Hummelstown between Harrisburg and Hershey, where a hermit lived for 19 years; Lost River Caverns, at Hellertown near Bethlehem, which features, naturally, an underground river; Lincoln Taverns, just 40 feet from U.S. 22 near Huntingdon which its operators claim make it "the easiest and most convenient cavern in America to visit; and Woodward Cave, in Woodward, Centre County, which is just very, very unusual.

## Pennsylvania Happenings

By LEE LINDER  
Associated Press Writer  
PHILADELPHIA (AP) — It's easy to be a caveman in Pennsylvania.

Not the kind that just slips down into some man-made hole, pit or mine, particularly in the coal and stone regions, but the wide-eyed explorer of all that nature wrought.

The Keystone State — east to west, north to south — is laced with huge underground caverns hollowed out of the rock centuries ago. They sparkle with crystal. There are fossil-studded cliffs inside the caves, remains of pre-historic animals and plants, wondrous relics of lost civilizations and cultures.

There are thousands of stalactite, stalagmites, massive columns of limestone, walls dripping with moisture, and underground streams and pools.

Pennsylvania's caves are major tourist attractions, and thousands every year enjoy roaming through hollowed out passages and rooms.

The commonwealth's oldest cave, discovered in 1871, is Crystal Cave in Eastern Pennsylvania, halfway between Allentown and Reading.

## Warren Man Leads Police Merry Chase in New York

NEW YORK — A Warren, Pa. man, driving his father's Cadillac convertible, led police on a wild chase through midtown Manhattan Thursday after he allegedly struck and injured Henry Anatole Grunwald, newly named managing editor of Time Magazine.

Before his arrest, the Warren man's car also allegedly hit a cab, seriously injuring the cab driver.

The Pennsylvania man was identified as Jeffrey C. Homan, 31, of 14 Orchard st., Warren. His father, Clare Homan, also of 14 Orchard st., said the man had been home two weeks ago and had "borrowed" the family's Cadillac and that later the father asked police to find it for him.

Mr. Homan said his son had not been home much in the last several years but was reportedly working for "some newspaper in New York." He also stated his son had told him he had become "some sort of a spy for the CIA."

Both father and son were born in Warren and attended local schools.

According to reports, Grunwald, 45, was bowled over as he hailed a cab. He suffered a broken arm and was treated and released at Lenox Hill Hospital.

A cab driver gave chase as the Cadillac raced north on Park Avenue, picking up a patrolman

en route. A police radio gave a report of an accident at 103rd street and West End avenue. Police found the suspect Cadillac had struck a cab, its driver was seriously injured and admitted to Knickerbocker Hospital.

Jeffrey Homan was booked at the 110 St. Police Station on charges of leaving the scene of an accident and reckless driving.

## New Leaders Are Emerging From Poor People's Campaign

WASHINGTON (AP) — New emerging leaders of the Poor People's Campaign led 500 demonstrators into headquarters of the Department of Health, Education and Welfare Friday and said they'd stay there until Secretary Wilbur J. Cohen sees them.

They rejected Cohen's offer, made through his assistant secretary, Ralph K. Huitt, to see four of them in his office and demanded that the secretary come to the first floor auditorium in which they were waiting.

"We want Brother Cohen to come out of that office," said Hosea Williams, the leader of the demonstration. "If he can't

talk now we might just have to stay here until he can."

Williams, a veteran leader of demonstrations for the Southern Christian Leadership Conference, took over the job of carrying on the Poor People's Campaign in a leadership shakeup that apparently marks the start of a more militant phase of the campaign.

"Starting today is the actual kick-off of this campaign," said Leon Hall, another new face here. Hall helped lead the orderly march to HEW, explaining he and other SCLC activists have been busy on other tasks elsewhere but are now ready to take over in Washington.

Another of the new leaders is J. T. Johnson. Like Williams and Hall, he is one of the laymen who appear to be taking over from the clergymen who heretofore have been directing the campaign.

Williams' first move was to dispatch the marchers from Resurrection City to the new HEW building on Independence Avenue. Met on the sidewalk by Huitt, they were admitted to the building by police and filed into the auditorium chanting, "Soul power, soul power."

After turning down Huitt's offer to have brought before them several high department officials, the demonstrators chanted, "We want Cohen. We want Cohen" for several minutes.

Huitt sat impassively next to Williams and Johnson at a table facing the demonstrators. Williams and Johnson led the group in freedom songs after their chanting subsided.

Before the afternoon move, the campaign's pace had lagged temporarily due to illness, absenteeism and the shifting of leadership emphasis.

camping has been acquired through her membership in the girl guides.

Miss Ahmad has received her diploma and is taking a vacation before continuing her studies to become a doctor. Her reasons for wanting to become an A.F.S. student were many. She wants to meet American teenagers and foster friendships between Americans and Malaysians. Zauyah feels the trip will enable her to witness our progress in education, science, medicine, music, fashion, agriculture, etc. The enthusiasm that she has should be a great asset to her as an A.F.S. ambassador to Youngsville.

The impressive ceremonies to dedicate the exquisite three flags on Memorial Day were made doubly effective by the presence of the wives of the distinguished guests.

Mrs. Joseph S. Clark, wife of the U.S. Senator from Pennsylvania, clad in a stunning leopard-print silk coat over a rosy pink dress, proved to be utterly charming and has a brilliant but warm personality. She and the senator are currently touring the northern tier of the Commonwealth.

Mrs. Clark said the weather in Philadelphia has been perfect this spring, which certainly cannot be said of our area.

Mrs. Albert Johnson, wife of Congressman Johnson, carried out the Memorial Day theme by wearing a dashing costume featuring red, white and blue. Mrs. Johnson remarked that while driving by Resurrection City in Washington, the area is vastly extended with additional prefab shanties and tents.

In his remarks at Three Flags Inn following the Crescent Park ceremony, Senator Clark admitted greeting in French one whom he thought to be the wife of Count Reginald de Warren, because of her somewhat Gallic features—it was actually Mrs. Leroy Schneck.

Miss Anne Lesser of the Warren County Historical Society and Franklin R. Hoff of the Times-Mirror and Observer staff shared honors for conceiving the idea of the three flags.

Mrs. Eric W. Cook, wife of Her Majesty's Consul, was busily taking pictures during the dedication and expressed a profound hope the one snapped as the Colonial Jack was unfurled would "turn out."

Despite pre-ceremony jitters in anticipation of singing "The Marseillaise" in French, the Sweet Adelines Chorus turned in another fine performance. The Beaty Dungaree band was also excellent.

The committee in charge Thursday and their wives, who after all were involved, are to be commended for a truly outstanding affair that moved smoothly from start to finish.

**MINIATURES:** A correction should be made in the announcement of the 60th Wedding Anniversary for Mr. and Mrs. Martin Richwalsky. The Mass will be held at St. Anthony's Church at 11:30 a.m.

Mrs. Eleanor Fennell Anderson, a former Warrenite of 105 Second ave., Warren, has returned to Hollywood, California, after an enjoyable three weeks vacation spent in this area and Lakewood, New York.

The Alumni meeting of Warren General Hospital will be held at 8 p.m. Monday, June 3, at the Meadow Brook Dairy Building.

Warren County Chapter of Gold Star Mothers will have a tureen picnic on Monday, June 3, at 5:30 p.m. at Crescent Park. In case of inclement weather, the picnic will be held at the Legion Home.

## Day-Atkins Wedding Held at St. Joseph's

The Sanctuary of St. Joseph's Roman Catholic Church was the setting uniting in marriage Mrs. Marian H. Day and Raymond Keith Atkins on May 25, 1968 at 1:00 o'clock in the afternoon.

The bride was escorted to the altar by her brother-in-law, Howard L. Clark, with her daughter, Mrs. Gary O'Hare, as matron of honor. Mr. Atkins had as groomsmen, his son, James Atkins. Gary O'Hare and Howard Clark were ushers.

Father Bauer officiated at the ceremony with the Reverend Leo R. Hansen offering special prayer at the altar at the close of the ceremony. Reverend Hansen is brother of the bride. Appropriate wedding music was played throughout the ceremony by Mrs. Evelyn Donnelly, including "Oh Perfect Love" and "Ave Maria".

Mrs. Atkins was attired in a mauve sheath with matching

lace coat and accessories. Her corsage was a white orchid. Mrs. O'Hare wore beige lace with mint green hat and accessories and a green orchid corsage.

A reception was held at the Knights of Columbus Cocktail Lounge with aides, Mrs. Clair Tremblay cutting the wedding cake, Miss Aldean Hansen presiding at the punch bowl and Miss Judy Hansen and Crissie Hansen in charge of the guest book.

Mr. and Mrs. Atkins will reside at 29 Cobham Park Road after a brief wedding trip to Michigan and Canada.

Parties for Mrs. Atkins included a breakfast at the Penn Laurel given by her daughter and showers by Mrs. Muriel Hotelling, Mrs. Richard Gaillard, and the Office Force at the Northwest Savings and Loan.

## Jewish Shovuos Festival To Be Celebrated Today

Dr. Kurt L. Metzger, rabbi of Temple Beth-El, Bradford, issues the following statement at the occasion of the Shovuos Festival: Shovuos, the festival commemorating the end of the period of seven full weeks from Passover, will be celebrated by Jews throughout the world beginning at nightfall, June 1. The holiday is celebrated for two days.

Shovuos, originally a harvest festival, recorded the time when, seven full weeks after the planting of the first grain, the first fruits of the field were harvested in Palestine and the choicest of these were taken, in a religious pilgrimage, to the Temple in Jerusalem where they were offered to the Lord. Shovuos was, and is today, one of the major festivals of the Jewish religious calendar.

In time, the agriculture nature of the day was preempted by a more spiritual meaning as it became identified with the time when seven weeks after the Exodus from Egypt, the newly freed Hebrew people stood at the foot of Mount Sinai and received the Ten Commandments for themselves, their unborn generations, and for all mankind. Shovuos, originally known as the "Festival of the First Fruits", became known as the "Time of the Giving of the Torah (Law)".

In this spirit, modern Judaism vested the holiday with even greater significance when, about 150 years ago, it introduced into the observance of the festival the ceremony of Confirmation. At this ceremony Jewish youth of both sexes stand on the altars of their congregations

to be inducted as full members of the household of the Jewish people. The symbolism is rich in traditional meaning. These young people, the fruit of their parents' love, now receive the Torah for themselves and, as their forefathers did at Sinai, in solemn vow pledge themselves to its ideals and to its preservation. Confirmation marks the successful completion of their required years of basic, formal religious education.

One of the main features of this holiday is the reading from the Book of Ruth, originally a non-Hebrew from the land of Moab, who voluntarily cast in her lot with the Hebrew faith when her husband died. Eventually she re-married and found a spouse in Boaz, a kinsman of her deceased husband and through this marriage became the ancestress of the royal house of David.

The Book of Ruth is associated with Shovuos to remind us that just as the Torah is for all men, so God is a universal God, and Judaism is a universal faith for one and all. In an age of increasing democratization, this great message of the universality of God and the conviction that the moral law is for all men has poignant significance.

It is interesting to note that in Christianity, Pentecost or Whitsunday occurs on the seventh Sunday after Easter. Commemorating the descent of the Holy Spirit, the Christian Pentecost in all probability had its source in the ancient Hebrew holiday of Shovuos.

## Kinzua Group Holds Election Of Officers

Highlight of the May meeting of the Kinzua Brant-Bentley Unit 747, American Legion Auxiliary held at the home of Mrs. Marshall Stanton, Clarendon, was the election of officers for 1968-69 term. The following were elected: President — Mrs. James Snyder; 1st vice—Mrs. Henry Vaughn; 2nd vice—Miss Vera Snyder, secretary—Mrs. Gwen Layman, treasurer—Mrs. Walter English; Chaplain—Mrs. Henry Putnam, historian—Mrs. Marshall D. Stanton, Sgt. — at Arms—Mrs. Fanny Gerbec.

Mrs. Angelo Ditonto, president, conducted the meeting. An invitation was read to participate in the Clarendon V.F.W. Memorial Services. The Auxiliary is placing a wreath at the monument in the center of the Kinzua section of the Willowdale Cemetery, Bradford.

Mrs. Stanton reported on the Elk, Forest, Warren, McKean and Cameron County Council meeting held at Mt. Jewett. She stated that a very important meeting of the Council will be held on June 29 at Johnsonburg. At this time the election and installation of Council officers will take place.

Plans are well underway for the 6th Annual Kinzua Reunion to be held on August 4 at the Walter Lloyd shelter at Wildcat Park, Ludlow. August 14th has been set as the installation of officers to be held at the home of Mrs. James Snyder. Evening award was won by Mrs. Henry Vaughn. Next meeting of the Unit will be held on June 12th at the home of Mrs. Fanny Gerbec, Main st., Clarendon.

## Answers Your Problems

DEAR ANN LANDERS: I am a career woman 41 but I look 10 years younger. I was divorced at age 29 after a most unfortunate marriage. (It wasn't another woman, it was another man.)

Six years ago I fell in love with the lawyer who handled my divorce. He is 50, handsome and well known as an attorney. He told me he and his wife have lived as brother and sister for the past 10 years. He never speaks of his wife or their children but has assured me he will be divorced within three years (when their youngest child graduates from high school). I have promised to wait.

The problem is this: We never go to first-class restaurants or even to a movie or the theater. I am getting fed up on back-alley hiding places.

He has never introduced me to anyone he works with. I am attractive, well-dressed and I make friends easily. I cannot understand why he is ashamed to take me out in public. My friends who have met him have hinted that I am being played for a fool. What do you think? — GRAY SKIES

DEAR SKIES: Same old bag of bones, Dearie: married man ducking his wife and relatives and colleagues and anyone else who might recognize him. The first tipoff should have been his breach of his professional ethics. Married lawyers are not supposed to dally with clients.

Your signature indicates that you are color blind. The skies are not gray, they are pitch black-- and the ceiling is zero. Put an end to this back-alley affair before you find yourself permanently socked in.

DEAR ANN LANDERS: Recently you visited in our city and the newspaper write-up said you had an extraordinary memory for names. Please, please tell me how you do it.

All my life I have been plagued by my inability to remember names. It has caused me a great deal of embarrassment and whenever it happens I tell myself I must be added in the head.

Please, Ann, share your secret with those of us who need this kind of help. — FOREVER GRATEFUL

DEAR FOREVER: The principal reason people do not remember names is that they don't bother to listen to the name when they are introduced. If you don't get the name on introduction, ask. No one will be offended. It is in fact a compliment because it shows interest.

Use the person's name when you speak to him and associate the name with a specific characteristic. Example: If the woman's name is Mrs. Fuerstenberg, and she's a doll, remember that Mrs. Fuerstenberg would come in first in a beauty contest. If the man's name is Mr. Power and he has a strong jaw, remember that Mr. Power has power. It needn't make sense -- just so it serves as a memory book.

Lord deliver me from morons who make no effort to remember names and then try to excuse themselves by saying, "But I never forget a face."

Confidential to Is It Worth The Chance?: No, no, a thousand times no! By the time this character learns the rules of the game he'll be too old to make the team. Who needs THAT kind of trouble?

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## Mother-Daughter Banquet Held at Epworth Church

The Mother-Daughter Banquet of Epworth Church was held recently in the church parlors with 86 persons attending. The evening included a tureen dinner with the men of the church serving. Mrs. Tommy Thompson, chairman, with her committee, decorated the tables in a spring motif of apple blossom trees and birds. Place favors included a small bird house.

The table grace was given by Mrs. Samuel Dunning and Mrs. Merle Schweitzer was in charge of devotions. Following the devotions, the group joined in singing the favorite hymn, "In the Garden".

Mrs. Cliff Carnahan was in charge of the program. Mistress Mary Olson read the poem "Walking" and Mistress Ruth Olson read "Mother". Mrs. David Olson replied to her poem with "Mother's Purpose".

Awards, with Mrs. Willis Meade in charge, were given for the youngest child, youngest mother, youngest grandmother, the mother with the most grandchildren and for the child losing a baby tooth within the week.

Also included in the program was the youth choir who sang two selections, Miss Joyce An-

deregg showed films of her travels to Africa, Europe and in the United States. The evening closed with the singing of "Blest Be the Tie that Binds".

## Features Adult Education

"Operation Understanding" will formally open at Holy Redeemer Parish on June 15. Five Sisters of the Congregation of the Divine Spirit will conduct the Study, with headquarters in St. Pius Hall, 811 Pennsylvania Avenue East. It will be followed in September by "Operation Action," better religious education classes.

Rev. Joseph Seyboldt, the Pastor of Holy Redeemer Parish, has engaged the Sisters to work with his adult parishioners in response to this challenge.

The Study which the Sisters will conduct has a five-fold purpose and will consist of five phases which will be operated simultaneously. There will be a Teacher workshop designed to improve instruction in the religious education classes. There will be a Par-

ent Workshop to promote better parental cooperation and understanding of the school situation.

Formal classes will be conducted for parents in order to encourage earlier religious education in the home. The Sisters will visit the homes of the parishioners in order to better to understand the child's environment and solicit parental cooperation. Finally, the new Parish Library will be set up under the direction of Miss Mary Elizabeth Allen, Reference Librarian at Warren County Library, and with the assistance of the Sisters and the Helper Division of the CCD. It is through the classes this summer that the Sisters hope to help make Christian living more meaningful and better understood. They cordially invite inquiry -- 723-5195.

## "Let's talk dry cleaning"

By HOWARD JARVIS

We've talked about colors, the importance of choosing colorfast garments to minimize the danger of running or fading dyes, and the wis-

dom of sending your fine colors to a reliable cleaner who is experienced in dealing with every kind of dye and fabric.

But this week we thought we ought to remind you about another set of COLORS... the familiar red, white and blue of the American flag. FLAG day is coming soon... June 14th to be exact... the day set aside as a national recognition of this visible symbol of America's heritage.

Incidentally, do you know what the colors in the flag originally stood for? Red is for hardness and valour; white for purity and innocence; and blue, for vigilance, perseverance and justice. Our forefathers had a high conception of the virtues they wanted to be identified with America. They had those qualities themselves and wanted them to be part of the American tradition.

To help you remember Flag Day, we're happy to renew our annual policy of cleaning your flag free for this occasion. Bring it in soon.

# Summer Theatre, Dream That Became Reality

Two years ago a small group of local theatre enthusiasts, long-time proponents of summer theatre, decided it was time to act.

They had talent, desire, and experience, all the prerequisites except one—a theatre. Their first offering in 1966 was presented at the Warren campus of Eindhoven State College. The school was too small to hold the number who wanted to attend. For their second and last production, two one act plays, they moved to Ben White's barn at Starbrick.

At the same time they scoured the county in search of a barn—a structure ideal for the casual relaxed and intimate atmosphere essential to a vacation playhouse.

Improvisation was the key to success in 1966—improvised lights, costumes and properties and strangely enough once even an improvised leading lady.

The latter occurred when a car load of people from out of town came to see the last play the night after it closed.

The cast for "The Bald Soprano" was hurriedly assembled. All except the leading lady who had a previous engagement. Director Bill Odell donned a wig and a dress and the show went on.

Last spring the group became incorporated as a non-profit corporation under the name Warren Summer Theatre. Simultaneously they purchased the Joseph Plowright farm in Scandia. The farm had two outstanding assets, a barn in fair repair with exceptionally good dimensions for a theatre and a location near the Kinzua dam and Allegheny Reservoir in the midst of a number of growing private recreational developments.

In ten hectic weeks the group cleared away the accumulated debris of decades—tons of hay, ancient farm equipment and dirt—and replaced it with seats, stage, and lights. At the same time an administrative body was established and an advisory committee, formed to en-

## SWEEPING GESTURES

Mary Richards of Brookville shares downstage center with a broom at Plowright Playhouse. One-hundred-fifty vacant seats are her audience. Mary, a student at Clarion State College, is one of a number of apprentices who have come to Warren to gain

theatre experience at Plowright. The theatre is not all lights and action. Sweeping up is part of the dirty work necessary to prepare the theatre for its June 11 opening.

courage interest in the community, held a flea circus and produced some much needed cash.

On June 28, only a few hours after the last light was put in place and the last dust pan of sawdust emptied, the Plowright Playhouse opened with Frank Gilroy's "The Subject Was Roses". That first night was a glittering success with a full house and a gala champagne party after the show.

But the work had barely begun. There remained the labor of producing four more plays and promoting and publicizing the theatre to preserve the initial momentum.

The 1967 season ran ten highly

successful weeks. Attendance was nearly 3,000 at regular productions and two talent shows early in the summer proved very popular.

The impetus behind the phenomenal two-year growth of Warren Summer Theatre has been provided mainly by two theatre obsessed Warrenites, Edith O'Hara and Bill Odell. Edith has a knack of getting things done and Bill is an unstinting actor and director.

Edith, one of the originators of the Scandia Mountains Association, is well aware of the economic impact of the Allegheny Reservoir on Warren County, but she and Bill believe summer theatre is

basically an entertainment and educational institution.

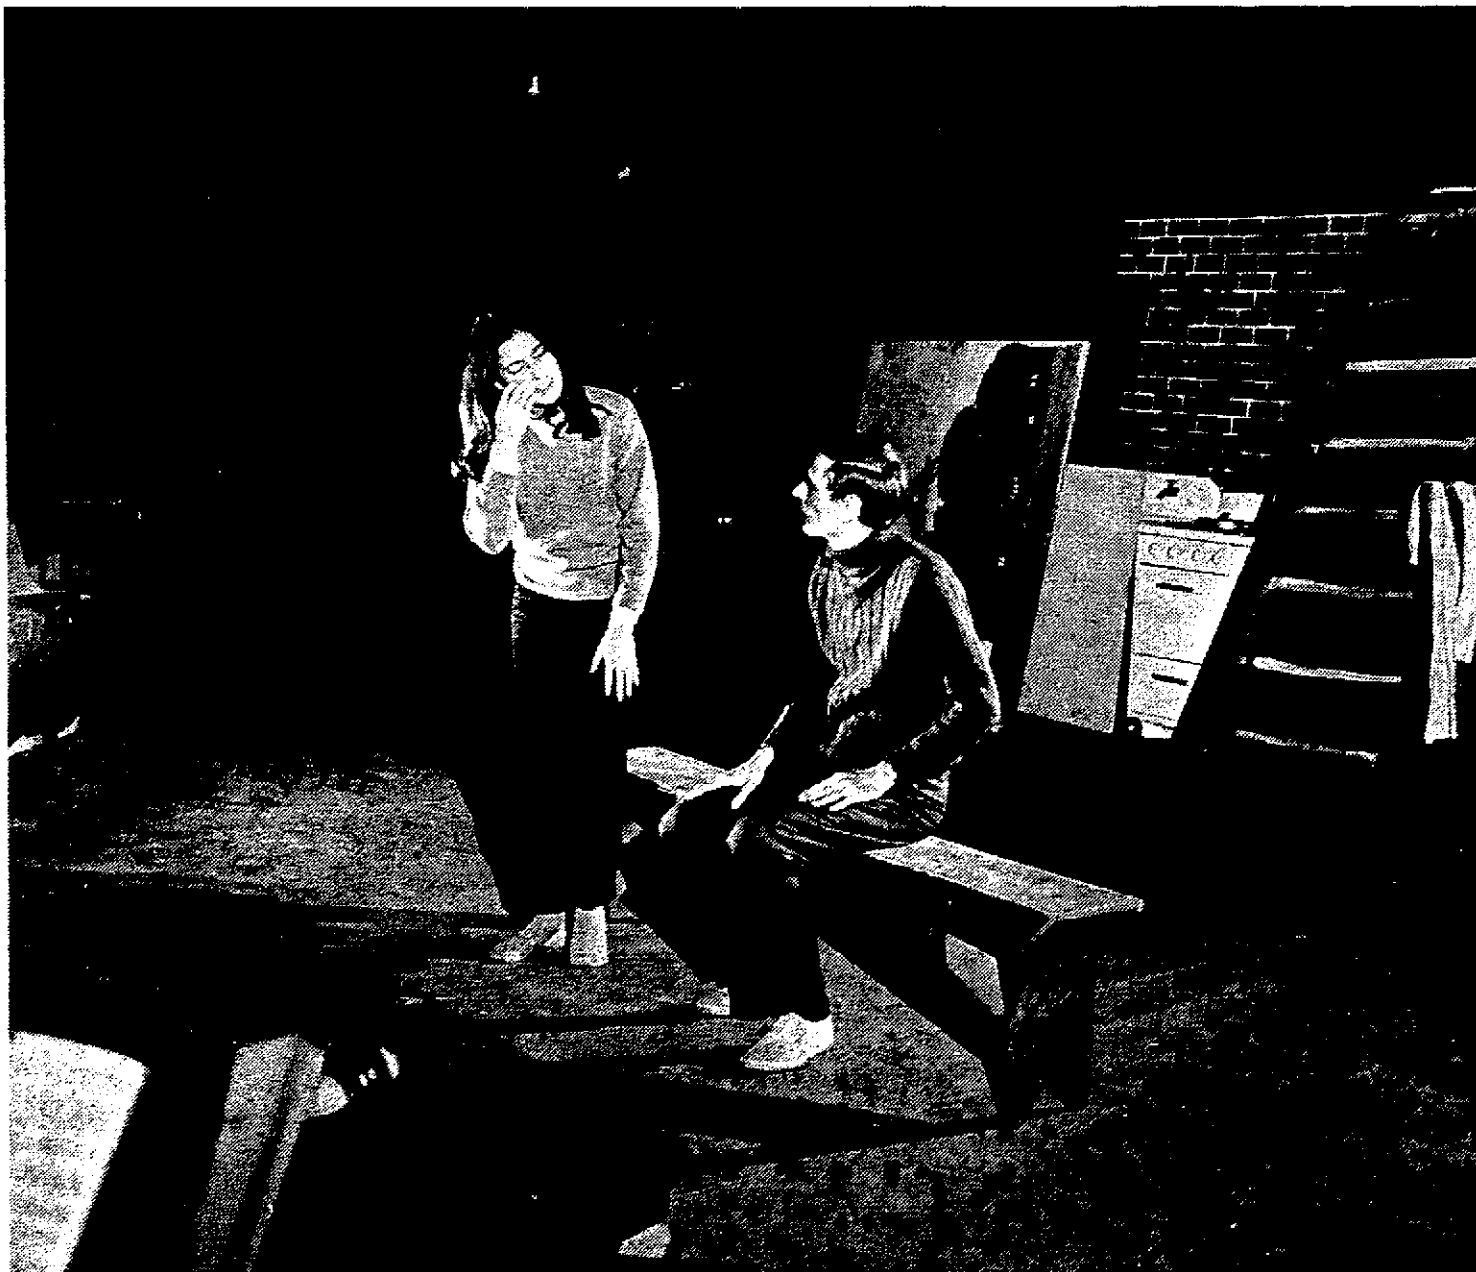

The plays should provide entertainment for audience and actors alike. By performing each play a number of times, the actor can become acquainted with playing his role before the public without the benefit of opening night jitters. The play can develop and achieve a degree of excellence unattained by a single or double performance. Through good play selection, the audience can at once be entertained and challenged. Addition of serious plays to the playbill assures a theatre diet of more than whipped cream.

From an educational stand-

point the founders of Warren Summer theatre are trying to create interest and interest the creative. An apprentice program initiated last summer provides young people with the opportunity to learn every aspect of the theatre—up front, and back stage. Since the close of last summer's season Bill Odell has conducted a class in theatre teaching acting and stage direction.

In addition to broadening their knowledge of dramatic literature by reading plays, the class presented a one act play at a Kiwanis dinner. This year's plays will be compulsory view-

## REHEARSING "LUV"

Ellen Abrams and Bill Odell, two of the principals in the Plowright production of Neil Simon's Broadway smash "Luv", rehearse a portion of the play under the watchful eye of the prompter. "Luv" will be the second play of the season running from June 25 to July 6.

Alfred Hilse will take the part of the third principal in the play. At the right, the back wall of the stage awaits the stage designer of "Come Back Little Sheba", the opening play of the 1968 season.

## LIGHTS ON

Ellen Abrams (left) and Mary Richards balance on the cat walk at the summer theatre adjusting lights. Plowright Playhouse has recently purchased a lighting system which will be installed in time for the first show. The lights will be on for 60 performances of six different shows during the 12 week season. The last performance will be given on Labor Day.

# Six Plays Set For Plowright

(Cont'd from Page 5)

ing for Edinboro students taking a drama course at the Warren Campus.

Response to the theatre outside the immediate Warren area has produced scores of inquiries from professional actors and potential apprentices. Through a brochure produced by the Scandia Mountains Association, information on the theatre is getting into the hands of thousands of prospective summer guests.

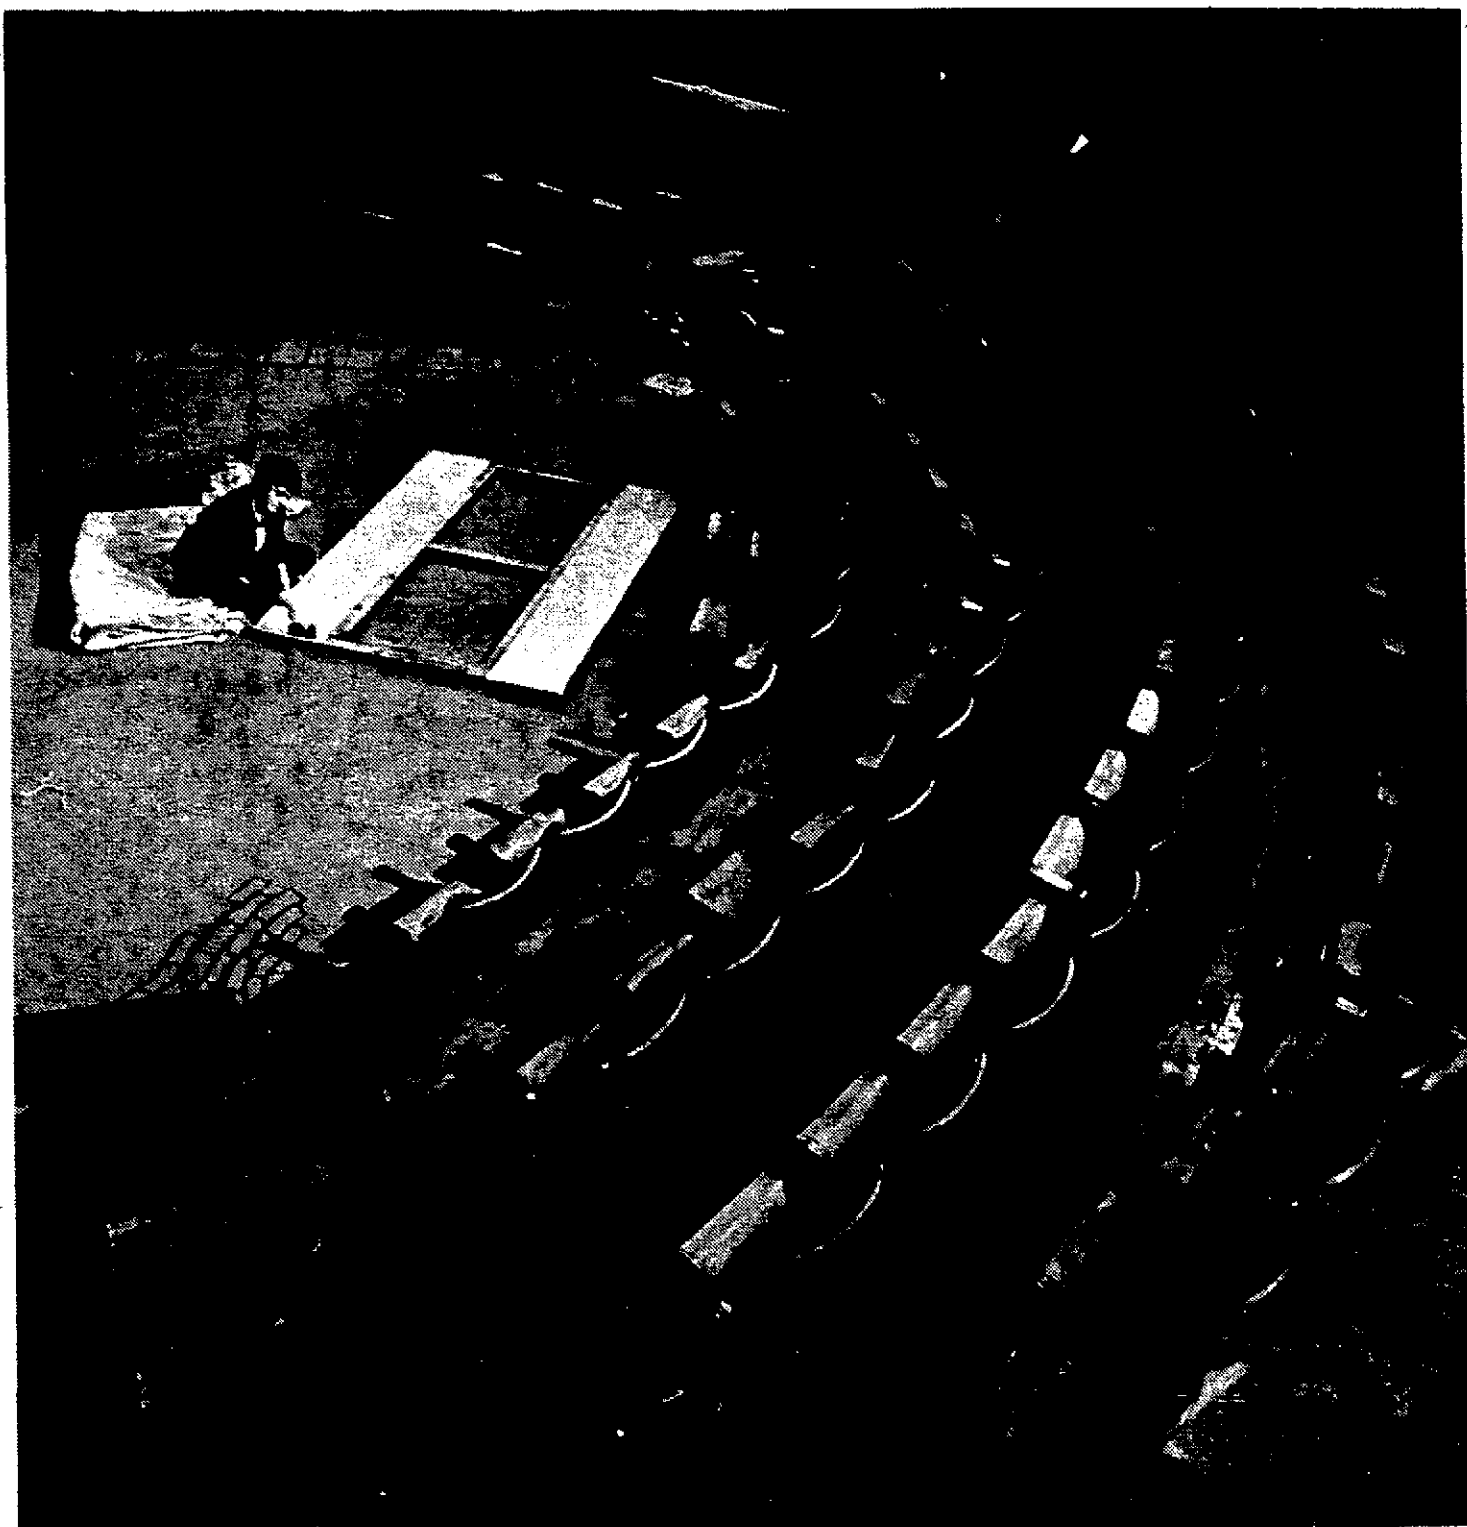

Warren Summer Theatre has already begun rehearsals for the 1968 season which opens June 11. The season has been extended to twelve weeks with six plays to be presented. Each play will be given ten times, Tuesday through Saturday for two weeks. The first play, "Come Back Little Sheba" will

be directed by Mrs. Richard Andersen. It will be followed by "Luv" directed by Harry Smith; "Tartuffe", directed by Bill Odell; "Glass Menagerie", directed by Joe Nicolini; "The Death and Life of Sneaky Fitch", directed by Bill Odell and "Fantasticks", directed by Richard Andersen.

The apprentice program will continue, offering experience in scene design and painting, lighting and acting and a class in the history of the theatre.

A new lighting system will be installed before the first show.

Warren Summer Theatre is now selling season tickets at half the single admission price. They ask patrons and people interested in working on productions to join with them to make the 1968 season the best ever.

## BUILDING SETS

Alone again, except for some visitors in the background, Mary Richards tacks muslin over the frame of a door which will be part of the set of "Come Back Little Sheba". The photo reveals the arc of the seats around the three-quarter round stage. The construction of sets, the

handling of properties, and lights will be done largely by apprentices and young people from the community under the guidance of experienced theatre workers. Classes in drama are also to be part of the fare for apprentices this summer.

## PRE-OPENING PREPARATIONS

When the summer theatre opens June 11 much of the work necessary to keep the season running smoothly has already been done. Here Mary Richards works on a set that was discussed and planned weeks ago. The chores of casting and lining up properties makes the summer theatre business a year-round task.

## HANGING DRAPES

Ellen Abrams of Scranton, a student at Boston University, hangs drapes in a basement dressing room of the theatre. The theatre, located on Scandia road near the west bank of the Allegheny Reservoir, is an old barn purchased last year. Five plays were produced there in 1967 after a fast and furious re-

novation. The work of creating a vacation playhouse has continued this spring with work on dressing rooms started last year and a general cleanup after the winter. Besides hanging drapes Ellen is engaged in learning parts for the first two productions of the 1968 season.

## Your Horoscope By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR SATURDAY, JUNE 1, 1968

ARIES (March 21 to April 20)--If something was profitable and worthwhile, do not put it aside readily for what is uncertain or risky. Avoid haste in all things.

TAURUS (April 21 to May 21)--Avoid tendencies to go to extremes, to overexert yourself. You may desire or seek more than is reasonable. Be logical, realistic.

GEMINI (May 22 to June 21)--From out of the nowhere may come an "odd" suggestion. No harm to glance at its possibilities; it may pave the way to dandy advancement.

CANCER (June 22 to July 23)--Slow down if the tempo is getting out of hand; step things up where you can to save energies and time later. Be a most careful judge in all.

LEO (July 24 to August 23)--The "middle of the road" is not always easy to keep to, so be on guard all day, and avoid extremes. There are several ways in which to improve your standing and contentment now.

VIRGO (August 24 to September 23)--You people can get at the heart of a subject quickly. Be tactful so as not to seem "prying" or too critical today. Easy -- and steady -- does it!

LIBRA (September 24 to October 23)--Even if mix-ups and contradictions are a part of the day's picture, they need not disturb. Take your po-

sition early and be steadfast. Many good possibilities.

SCORPIO (October 24 to November 22)--Likely a void, an incomplete area that irks. Just step up and handle it with your usual optimism and common sense. Don't give way to anxiety.

SAGITTARIUS (November 23 to December 21)--Household matters, travel, communications need more than usual care now. A small favor you can do for someone will pay big dividends later.

CAPRICORN (December 22 to January 20)--Broaden your sights to take in new and very usable plans, devices and ideas which should be offered now. A time for forward-looking, dependable and superior action.

AQUARIUS (January 21 to February 19)--Uranus auspicious. You should be in grand mood and well able to produce your best. Organize assistance to put a new idea over the top.

PISCES (February 20 to March 20)--If you do not keep the ball rolling, your affairs up to snuff, many benefits will go by the board. Action AFTER forethought, however. Remain serene.

YOU BORN TODAY are highly imaginative, quick in speech and actions; eager to please and attain things worth the working for -- and there is no limit to your working powers. You can develop rapidly in both mental and physical areas. You like, should associate with, alert, progressive people. High points: Broadmindedness, perceptivity, humor, ability to grasp opportunity, curb sensitivity, reaching too far, too fast. Birthdate of: Brigham Young, leader of the Mormons.

## How to Keep Well By Dr. T. R. Van Dellen

(c) 1968 By The Chicago Tribune

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is inclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

## MORE ON SALMONELLA

Salmonellae are a large family of microbes which can cause gastro-intestinal disturbances varying from ordinary food poisoning to typhoid fever. Typhoid is under control, but not the other types of salmonella infections. The Food and Drug Administration (FDA) has found these bacteria in many foods, including those of animal origin, poultry, eggs and egg products, powdered milk, and meat products.

According to a recent report in FDA Papers, a major outbreak of the last year was traced to a frozen dessert made from unpasteurized egg yolks. The product was prepared by a banquet caterer.

This one food was responsible for 14 known outbreaks of salmonellosis and involved approximately 1,800 victims. Based on the number of servings prepared by the manufacturer, it was estimated that 9,000 to 21,000 became ill. Projections of these types are logical because not all cases are reported to the authorities.

The FDA found that all ingredients in the dessert were free of salmonellae, except the frozen egg yolks. In addition, the same germs were isolated from the victims. Salmonellae microorganisms also have been isolated from other items, such as chocolate and coconut products, but to date, the FDA cannot explain how or when con-

tamination occurs when these products are used in candy.

Live stock and poultry are the most common sources of human salmonellosis. The microbes are found repeatedly in foods of animal origin, especially animal feeds. Our government is lowering the boom on this source in order to help prevent the disease in man. Last year 69 persons died of the disorder. Approximately 20,000 cases were reported during this time -- a fraction of the true number.

Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.

## ELIMINATING PINWORMS

B. D. writes: How does a person get rid of pinworms, especially when he is living a clean life?

REPLY  
Povan and Antepar are excellent remedies, but treatment of pinworms involves more than an effective medicine. Our leaflet has suggestions relative to eliminating the eggs from the body and home. It can be obtained by sending stamped, self-addressed envelope with request.

## COLDS PER YEAR

L. Y. writes: What is the average number of colds a person has in a year?

REPLY  
Susceptible persons may get three or more. Some individuals go for years without being bothered. It has been estimated that 2.5 days per person are lost every year because of colds.

### BEAUTY AND THE BEAST

Beauty and the Beast, sawdust style, pause before going into their act as the circus hits the highways for another summer's tour. The pair above, Heather MacDonald and Tom Tom, will join forces to perform for Warren residents when the Sells and Gray Circus plays here on Monday, June 3. The show will exhibit at the Warren airport under the sponsorship of the Warren Moose Lodge. Performances will begin at 4 and 8 p. m.

## Sells & Gray Circus Plays in Warren Monday

The red wagons roll here next week!

For Monday is circus day — Sells & Gray Circus day in Warren.

Soon after sunrise, the herd of elephants will be unloaded to help the workingmen and horses raise the big top, the menagerie and the other tents that make up the canvas city that comprise the Sells & Gray Circus tented city. This exciting combination of picturesque activities will occur on the circus grounds at The Warren airport, where performances will be given at 4 and 8 p. m. Monday, with doors open at 3 and 7 p. m. The show's local appearance will be sponsored by the Moose Lodge of Warren.

The colorful cavalcade that transports the circus from city to city will leave Franklin, Saturday's show stand, at midnight, and it will roll into Warren with the dawn on Sunday for a one-day layover before the performances on Monday.

Animal men, canvasmen, grooms, "cookhouse" crewmen and elephant handlers will first see that the cook and dining tents are raised and the field ranges are fired and cooking. Relays of men erecting the big top will recess in turn for breakfast, joining the animal and elephant men who will have fed their charges.

Before noon the big show will be in the air, and the aerial rigging, the three rings, the hippodrome track and the grandstands will be in place. There will be lots to see at the circus grounds early tomorrow. Shortly after noon all will be ready for the matinee performance.

Heading the array of inter-

nationally known talent in the Sells & Gray impressive 3-Ring program are: the great Napoleon, the man who stands on his forefinger; the Apollo Family, unicyclists; lovely Heidi, Europe's noted acrobat and equilibrist; the Zamberla troupe of trampolists; Fred Asa's troupe of educated dogs and ponies; the Sells & Gray performing Go-Go elephants; the famous Jordan family of aerialists and a congress of clowns headed by Art Adair, Harry Clark and Fred De Wolfe.

**CALVARY BAPTIST** — The morning worship service at 11 a.m. will open with the hymn "True Hearted, Whole Hearted". **FIRST PILGRIM** — This Sunday the newly elected officers of the church board will be installed. At special services beginning at 11 a.m., the pastor, R. S. Humphries, will administer the "Officers Pledge" to each of the officers prior to their taking office. The officers were elected by the church membership at the annual church meeting on April 23. The term of office is for one year for each office.

The following offices were filled: Sunday School superintendent, Mr. Curtis Rulander; Church secretary, Mrs. Letha Ace; Church treasurer, Mrs. Mary Farr; Office of Elder, Mr. St. Clair McIntyre and Mr. William Campbell; Office of Deacon, Mr. Warren Yaegle and Mr. Virgil Carlson; Office of Deaconesses, Mrs. Vira Bines and Mrs. Lovie Havens. Along with the pastor, these officers constitute the present elected church board.

At the installation service each officer will give a five minute talk on what the duties of his particular office are, and in his own words he will tell how he feels about being given the responsibilities of an officer of the church board.

It is of interest to note that this will be the last board under the name of First Pilgrim Church. Because of the merger of the Pilgrim Holiness church and the Wesleyan Methodist church this June 26, the church will assume its new name "Wesleyan church".

The public is always invited to attend every service.

**FIRST CHURCH OF CHRIST, SCIENTIST** — "They that war against thee shall be as nothing, and as a thing of nought. For I the Lord thy God will hold thy right hand, saying unto thee, Fear not; I will help thee." These verses from Isaiah are the Golden Text of the Lesson. Sermon to be read in all Christian Science churches this Sunday, ANCIENT AND MODERN NECROMANCY, ALIAS MESMERISM AND HYPNOTISM, DENOUNCED is the title of the Lesson. Passages from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy include these lines, "At all times and under all circumstances overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil."

All are welcome to attend the services of the local church at 312 Market street at 11 a.m.

## It Looks to GOD

Have you watched the face of the sunflower? It follows the sun all day so it will not lose one single ray... it looks to God, do you?

For such devotion the creative power of the sun blesses it with a tall, strong, sturdy stalk, with abundant beauty and fertility. Oh, that we could thus bask in the sunshine of God's grace and goodness!

The ordinary might then take on radiant meaning if we would but turn our eyes toward Him. Going to church would be much easier, if all week long we would realize our kinship to deity.

The sunflower is a symbol of the rich harvest that fills the grainaries for bird and beast. But a place in Heaven awaits those who lose themselves in good service... those who keep their eyes fixed on God.

## 'SURPRISE!'

"SURPRISE! SURPRISE!" shouted the little boy as he came up the stairs and into the room where his mommy and brand new baby sister were. They had just come home from the hospital.

In his chubby little hands he held a small tattered and ragged package. He had wrapped it all by himself. He had been SURPRISED and now he wanted to show his love for mommy and the new arrival by SURPRISING them with his little gift.

The home had been carefully prepared. The little fellow had been told many times that a baby was coming. As the little boy held out the package his mother grabbed it and threw it on the floor!

The ending to the above story is hopefully unlikely and yet there is a distinct parallel with God's gift of redemptive love in Jesus Christ and man's acceptance or rejection of him.

The home for human beings, the world, had been carefully prepared. The Jewish people

looked for the promised Messiah. But they sought a military hero rather than the "Suffering Servant" who would be born in a stable. When Christ did break into history there was a universal language - Greek; a universal government - Roman; a universal peace; and a universal moral, philosophical and religious void. The Scriptures call it the "fullness of time."

God had given signs and promises of His plan of redemption but when His Son, Jesus Christ, came men claimed SURPRISE! Light had penetrated their darkness and they were SURPRISED in their sin. Therefore, they rejected, crucified and buried Him.

But Jesus Christ defeated death. He rose again! He lives today in the lives of those who have accepted God's gift of Love, Forgiveness and Redemption.

Men today call themselves wise and yet they refuse to weigh the evidence and the claims which Christ made for

Himself. Men continue their aimless and hopeless trek through life and in rejecting Christ they flounder in their foolishness.

Everyone of us suffers from a terminal disease - death. It cannot really be counted as a SURPRISE when it comes to you. The Bible says that what awaits us on the other side of death cannot be counted as a SURPRISE either. But the choice is yours.

Will you be SURPRISED BY JOY or SURPRISED BY JUDGMENT? It depends on what you do with God's gift of love—Jesus Christ.

"For God so loved the world (and you) so much that He gave His only Son so that anyone (including you) who believes in Him will not perish but have eternal life." (LIVING GOSPELS - John 3:16)

## News Editor John Maleno

The death in Erie on Tuesday, May 21 of John D. Maleno, 50, Sunday editor of the Erie Times-News and a Warren native, produced many sincere comments from his fellow newsmen.

Many persons in Warren knew John well, particularly among Warren Player's Club members. His most outstanding role was in "Arsenic and Old Lace," when his portrayal of Teddie Roosevelt created a lasting and memorable sensation. He was also active in St. Joseph Players.

Here are some of the feelings expressed in Erie where he started his newspaper career in 1948: Ed Mathews in his "Odds and Ends" - He was so much more than a guy who was a fellow worker. He was a guy you lived with every day. John

Maleno was a genuine person. We never heard him say a bad word about anyone and if he

ever thought one, it would be a surprise.

Gene Cuneo, Times Sports Editor - "This weekend won't be the same. For the past ten years we worked hand-in-hand with John Maleno on Saturday nights, bid adieu in the wee hours of the morning and then would see each other Sunday morning at church. . . He was a loyal, dedicated man to his job and his employers. He had intelligence and grace, plus drive in his work, which is a rare combination in a man these days.

"We will all miss him - not only those who worked with him at the paper - but the hundreds of persons he dealt with over the years."

Warren, too, will remember John Maleno well.

## RICHARD R. HARATINE

### Just Part of the Game

HARRISBURG -- The sergeant at arms outside the ballroom where the Democratic Convention Delegates were caucusing rubbed his cheek near the eye ball and smiled.

"I guess it's just part of the game," he said, patting his incipient shiner good naturedly.

His assailant, a tender young thing from Wilkes College up in Luzerne County, was intent on demolishing the walls of the caucus that was about to knight Vice President Hubert Humphrey. The logical approach in protesting the interests of 21 delegates committed to Senator Eugene McCarthy seemed to be to storm the bastions.

McCarthy's 21 delegates got into the meeting of course, and they held. But three hours later, former Governor George Leader was to emerge from this dry run of Pennsylvania delegates to announce a majority of "90 to 100" votes for Humphrey--out of the 130 votes allotted to the nation's third largest delegation. None for Senator Robert Kennedy.

Except for that sock in the cheek, it was a proper and decorous meeting of Democrats. The McCarthy youngsters, fidgeting about in a room adjoining the ballroom, were not evicted. The hotel management simply obliged by sending in men with brooms who said they had to clean out the place. So the McCarthy kids moved over to Humphrey headquarters where they munched

Haratine

on free soft drinks and sandwiches the vice president had sent up from Washington for voting delegates and the press.

As Gov. Leader -- Humphrey's Pennsylvania chairman --explained later, "We had the trump and we played it. If someone else had it, I don't doubt they'd have played it."

"Someone else", of course, was Ken O'Donnell of Massachusetts, Senator Robert Kennedy's chief operator in these parts. While the Democrats took their sampling Monday afternoon and mounted the Humphrey steamroller, O'Donnell paced the lobby with red and watery eyes.

When it was all over, O'Donnell said it wasn't all over. Kennedy will come to Pennsylvania as planned, on June 7 and 8, and visit personally with each of the delegates.

Bill Green, the congressman who is Democratic chairman of Philadelphia, had pressed for a delay in the Pennsylvania nose count. That proposition fell in the caucus by 89-34. When the vote was taken, there wasn't a single vote for Kennedy. George Leader said later, he knows of 2 1/4 votes for Kennedy. One of these would be Green's who went into the caucus "uncommitted" and came out to formally announce his support for Kennedy.

Said Green: "Kennedy can carry Philadelphia the way we have to carry it if we're going to win Pennsylvania in November." In 1960 Jack Kennedy carried Big Town by a majority of 331,544. He carried the state by 116,326.

Both Green and O'Donnell said the Pennsylvania straw vote was carried out for its publicity value and, added O'Donnell, as an attempt to influence the Oregon vote on Tuesday, and the

California Primary next week.

No such thing, said Mayor Joseph Barr of Pittsburgh, who was elected the delegation's chairman. "We were just feeling the situation out."

"There's no unit rule," he added, "and we wouldn't have it."

But George Leader was hardly benign under the circumstances.

"It's not legally binding," he said, "but it was tremendously decisive; I'd be surprised if anyone will change his mind. One of the characteristics of people interested in government is that they'll keep their word."

"What's more," added the former governor, "I've never heard of many delegates getting off a bandwagon."

## DREW PEARSON

### Wills Watches Banks

WASHINGTON--While Ways and Means Chairman Wilbur Mills, D-Ark., has been pressuring the White House for greater cuts in federal spending, he is making sure that his own state of Arkansas isn't hurt.

Mills quietly slipped a loophole into the 10 per cent surtax bill, to protect big Arkansas taxpayers--chiefly banks and insurance companies.

The loophole nullifies a Treasury Department ruling that municipal-industrial bonds, designed to attract new industries in various states, shall no longer be tax exempt. Mills's loophole requires that such bonds shall remain tax exempt.

In the past, Arkansas has floated about a billion dollars worth of these municipal-industrial bonds, more than any other state in the union, aimed at attracting Northern industry to the South.

### Oregon

No Kennedy ever lost an election anywhere running for anything until Oregon, and that, I should think, rather than the small lead taken by Senator McCarthy, is what stands out in the mists of political speculation. Correction, a year ago Senator Robert Kennedy lost an election for Harvard overseer to Gardner Cowles, the publisher of Look Magazine. But the Kennedy people didn't consider that the loss was in any way symbolic. They consoled themselves by recalling that Franklin Delano Roosevelt would never have been elected to anything at Harvard, the suggestion being that The People, as distinguished from The Establishment, are pro-Kennedy.

Oregon destroyed that myth. Yet within hours, the juices of self-esteem began to flow, and Kennedy analysts were reciting what is wrong with Oregon, rather than what is wrong with Kennedy. What is wrong is that in Oregon there aren't enough poor people. It is, they point out as if they were running St. Francis Assisi for President, the poor people who, characteristically, vote for Kennedy. In Oregon, they say, with traces of regret, there isn't enough poverty, or racial strife, or such general dissatisfaction as contributes to the prince-among-paupers glamor dimension which Kennedy the Second so carefully cultivated in Nebraska and Indiana.

But the trouble with that version is that for years and years Oregon has been liberal in outlook. There are probably only two or three other states in the union that would elect Wayne Morse to the senate. Oregon has for years been thought of as a graveyard for conservative candidates. Barry Goldwater went out there in 1964, looked out the window of his hotel, and took the first plane out of the state. Rockefeller, the liberal Republican, won Oregon easily in 1964. Ronald Reagan, the conservatives' choice, did not do particularly well in Oregon, though to be sure he didn't campaign personally. Nixon did better even than was expected, but then he had the field to himself.

And then, too, there are those who believe that, on the ideological spectrum, Senator McCarthy is to the left of Senator Kennedy, which would mean that, if it is axiomatic that the

poorer you are, the more appealing is the left candidate, that the middle class liberals of Oregon would have gone for Kennedy, which they didn't. In other words, the Kennedy analysts are going to have a very difficult time hoisting themselves out of the mire of Oregon, and there are those, an increasing number of Democrats, who aren't disposed to help.

Senator McCarthy is thus resuscitated, and his principal immediate concern -- money to spend in California -- is over. He speaks of having learned, in Nebraska, how to cope with Kennedy. He tried out his techniques in Oregon, and prevailed there. He desires Democrats in California and elsewhere to believe that he knows now how to strike at Senator Kennedy's Achilles' heel, so watch him go in California.

This talk is not altogether convincing. For one thing, it is not noticeable that Senator McCarthy's style changed in ways uncanny, so as to adapt itself in Oregon to exploit the weaknesses of his brother in ideology. Nor is it likely that Senator McCarthy can do very much to short circuit the current that flows around Kennedy in certain emotionally volatile parts of California.

Kennedy remains the celebrity, and it is as such that he will run in a celebrity-conscious state. To cultivate that image he is, as usually, willing to do anything at all. Lately, he moved Jesse Unruh, the greatly competent speaker of the California Assembly, out of his conspicuous seat as campaign manager for Kennedy in California, the reason being that Mr. Unruh is thought of as a tough political operator, which he is, and that interferes with the desired vision of Kennedy rising like Venus from the springy dew, to save the children of darkness.

Then too Mr. Kennedy had to rebuke his own mother, who had said to a reporter in reply to a question about spending Kennedy money for the election of Bobby, that that money, being Kennedy money, was the Kennedys' to dispose of in any way they saw fit, which was precisely the correct answer, but somehow doesn't go, exit Rose.

Who then, will win in California? Oregon made the answer clear at last: Humphrey.

Georgia, not California, touched off the first United States gold rush in 1828, the National Geographic Society says.

# Market Rallies; Trading Active

NEW YORK (AP) — Spurred by brighter hopes that Congress will enact the tax increase-spending cut bill, the stock market took off on a surprising pre-weekend rally Friday. Trading was active.

Volume was 13,09 million shares, compared with 14.1, Wednesday. The stock market was closed Thursday for Memorial Day.

President Johnson's statement that he would go along with a \$6 billion spending cut to get his \$10 billion income — tax surcharge sparked confidence. The money markets have been afraid that if the income-tax boost were not enacted, federal authorities would enforce even more stringent conditions affecting availability of money and stiffness of interest rates.

U.S. Treasury bonds rallied very sharply in view of the new psychological climate. Also affected were savings-and-loan holdings which spurred ahead in heavy trading.

Steels rallied because of Wall Street estimates that the industry was on the brink of a prolonged upsurge in profits.

The Associated Press average of 60 stocks advanced 2.0 to 332.3, a new high for the year, with industrials up 4.1, rails unchanged, and utilities up 1.4. Strength in the utilities, traditionally "yield" stocks, was linked directly with Johnson's statement.
